Class 1

This week in English, class 1 have been looking at Mary's journey from India to North Yorkshire, thinking about the modes of transport used, the conditions of travel and Mary's feelings as she journeys to a new life. We have also compared different media adaptations of the story including picture book, motion picture and animation. In maths we have continued to secure our understanding of the value of each digit in numbers using a variety of apparatus to help us to visualise calculations. On Wednesday afternoon, all Key Stage 1 children travelled to Caedmon College, Whitby to participate in the annual Multi-skills event. All of the children showed great enthusiasm and team spirit, and had a fun afternoon. Well done to the foundation stage children for a successful first out-of-school event.

Class 2

Class 2 have been writing and editing some fabulous character descriptions to add to their Bargest stories. They have listened to ghost stories for inspiration and shared ideas with each other. In maths they have used they work on place value and applied it to solve problems whilst also learning and improving written methods of subtraction. Science has focused on light and how it is reflected.
